Adjutant H. L. Leslie and Quarter-master, B. L. Tubman of Richard J. Harden Camp, No. 2, are preparing their semi-annual statements, to be submitted to the camp the latter part of this month. From the advance report of the adjutant the camp is progressing rapidly in membership, at present having 404 active members, making it probably the largest camp in the United States. The report also shows that the meetings have been well attended, the average attendance being seventy at each meeting. The quartermaster's report shows that the camp is in better financial condition at present than at any time since it was organized.

Plans have almost been perfected for the organization of the drum and fife corps to be composed of sons of Spanish war veterans. At the last meeting of the Harden Camp a committee was appointed to co-operate with the other camps in the city. Already much interest has been taken and applications are being received for membership.
